Aftermarket Components

PRODUCT INSTALLER RESPONSIBILITIES

9. Installer is responsible for installing the product in accordance with The Company specifications and installation instructions. Installer is responsible for providing proper vehicle components and attachments, as well as, required or necessary clearance for suspension components, axles, wheels, tires, and other vehicle components to ensure a safe and sound installation and operation.

PRODUCT OWNER RESPONSIBILITIES

10. Owner is solely responsible for pre-operation inspection, periodic inspections, maintenance, and use of product as specified by The Company in the particular instructions, available by product model, except as provided in this warranty, and for maintenance of other vehicle components. Of particular importance is the re-torque of fasteners including axle u-bolts, torque arm bolts and track rod bolts. This re-torque must be done within 90 days of the suspension being put in service. Owner is responsible for “down time” expenses, cargo damage, and all business costs and losses resulting from a warrantable failure.

WARRANTY CLAIM PROCEDURES

10. For a claim to be considered, it must contain adequate documentation which states vehicle mileage, in service date of vehicle*, product model, where and how used, and a Reyco Granning Return Material Authorization Number. The claim must be made within six months of failure of the component. Such part or parts must be returned to The Company, transportation charges paid. The Company reserves the right to inspect any returned components to determine cause of defects.

*In-Service Date is defined as follows:
