

GENUINE REYCO PARTS

Product Bulletin

Product Bulletin #: AMGenPKG 1-2014

Model: All

Topic: How To Identify A Genuine Reyco Granning Part

Effective Date: 1/20/2014

When you buy a genuine Reyco Granning service part, you are guaranteed to get an original part with original performance. Reyco takes great pride in designing parts that outlast the vehicle's intended service life. In addition, every Reyco part goes through extensive testing to insure you get the service life the vehicle manufacturer expects.

All Reyco Granning parts will be branded in one of the following four (4) ways:

1) The part will have the Reyco mark

2) The part label will have the Reyco mark

3) The part bag will have the Reyco mark

4) The part box will have the Reyco mark

**If you don't see the Reyco mark in at least one of these areas,
it's not a genuine Reyco Granning part.**
