

## **AirMaster**

Reyco Granning's air supply module can be used as a compliment to most Reyco Granning air suspensions or as a standalone unit for vehicles lacking an air compressor.

### **Features**

- Pre Plumbed
- Electronic height control system
- Integrated air dryer
- Automated calibration and diagnostics
- Quick exhaust and fill cycle time
- Kneels while maintaining residual air pressure
- Integrated into a single enclosure

### **Benefits**

- 100% certified leak free module
- Less compressor run time for significantly longer life
- Eliminates air line freezing
- Plug and play design
- Eliminates delays
- Improved response time
- Simplified Installation
